

# Oregon Financial Literacy Standards Correlation

Session Descriptions	Oregon Personal Financial Education	Oregon Higher Education and Career Paths
Theme 1: Employment and Income		
Project: My Savings Plan In the project, students look forward 10-15 years and create a financial portfolio to help them achieve their future lifestyle and monetary goals while also learning about the importance of planning for unexpected adversities. They will create a variety of artifacts—physical and digital—and deliver presentations as they explore the steps required for a secure financial future.	HS.PFE.B.2 Develop goals for building assets using various investment options, and identify potential risks and rewards for a given strategy.	HS.HECPS.A.1 Explore how personal strengths, aptitudes, interests and values connect with future career paths.
Students will:		
<ul> <li>Examine anticipated income and costs for each SMART financial goal.</li> <li>Develop a savings plan for each of their SMART financial goals.</li> </ul>		
1.1 The Basics of Earning Income is money that an individual earns by working, making investments, and providing goods and services. Money functions as a medium of exchange, a unit of account, and a store of value. Any item used as money takes on those three essential functions.	HS.PFE.D.1 Define and identify examples of common types of income	HS.HECPS.A.1 Explore how personal strengths, aptitudes, interests and values connect with future career paths.
<ul> <li>Students will:</li> <li>Describe the functions of money.</li> <li>Evaluate personal requirements for income.</li> <li>Analyze how and where to earn money.</li> <li>Design a brochure with possibilities for earning.</li> </ul>		

Session Descriptions	Oregon Personal Financial Education	Oregon Higher Education and Career Paths
Theme 1: Employment and Income		
<ul> <li>1.2 Careers and Pay Individuals who set realistic financial goals are in more control of their money than those who do not. Although goals are set for short- and long-term periods, it is important to regularly track the progress of each goal. </li> <li>Students will: <ul> <li>Analyze and prioritize personal financial goals (current, 10-year, 25-year).</li> <li>Explain the relationship between finances, career choices, and personal financial goals.</li> <li>Identify career fields or options of interest that will lead to financial goals.</li> </ul> </li> </ul>	NA	HS.HECPS.A.1 Explore how personal strengths, aptitudes, interests and values connect with future career paths.  HS.HECPS.B.2 Understand the diverse range of career pathways available, including, but not limited to, apprenticeships, military service, higher education, trades and non-degree programs.
<ul> <li>1.3 Education and Careers</li> <li>An investment in a career requires time, money, and resources that can open doors to opportunities. The emphasis in this session is that the more education you have, the higher quality of life you will have.</li> <li>Students will: <ul> <li>Examine the cost of college.</li> <li>Evaluate the costs and/or benefits of post-secondary education (trade school, apprenticeships, etc.).</li> <li>Compare and contrast the costs and benefits of various postsecondary educational options.</li> <li>Evaluate personal decisions relating to career choice and education requirements and plans.</li> <li>Assess personal skills, abilities, and aptitudes and personal strengths and weaknesses as they relate to career exploration and development.</li> </ul> </li> </ul>	NA	HS.HECPS.C.1 Explore postsecondary educational and career pathways, and identify necessary training, education, skills, and prerequisites aligned with aspirations.  HS.HECPS.C.2 Research admission processes for postsecondary pathways and practice applying to apprenticeships, military service, higher education, trades, and non-degree programs.  HS.HECPS.C.3 Investigate strategies for making well-informed financial decisions about postsecondary pathways, including how to navigate financial aid options (i.e., FAFSA, ORSAA), application processes, and a variety of credible funding sources and scholarships.  HS.HECPS.C.1 Explore postsecondary educational and career pathways, and identify necessary training, education, skills, and prerequisites aligned with aspirations.

Session Descriptions	Oregon Personal Financial Education	Oregon Higher Education and Career Paths
Theme 1: Employment and Income		
1.4 Taxes and Benefits  Taxes are collected by governments to pay for many public services such as highways, schools, police, and fire protection. The main goal of taxation is to provide revenue for a government to pay its bills. The two taxes most people pay are federal and state income taxes. Federal income tax goes to the U.S. government, and state income tax is paid to the state government. Income may also be offset by tax-free benefit packages provided by an employer. Students will:  Identify the difference between gross pay and net pay.  Define taxes and explain their purpose and impact on income.  Demonstrate an understanding of various taxes such as FICA and Medicare.  Calculate net monthly income.  Recognize employee benefits and apply knowledge to job opportunities	HS.PFE.D.2 Understand the personal income tax filing cycle, including common tax forms and available tax preparation resources and options.  HS.PFE.D.3 Understand taxes associated with various sources of income and common tax credits that could reduce individual tax liability.  HS.PFE.D.4 Understand common types of federal, state, regional, and local taxes and associated tax-funded services provided.	NA

Session Descriptions	Student Objectives	Academic Standards
Theme 2: Money Management		
Project: My Budgeting Habit  Students review the critical concepts and vocabulary related to budgeting, examine the importance of SMART goals, and then create their own SMART financial goals for the future. They design a visual aid to depict their SMART financial goals. Students will:  Describe a budget and explain the purpose of budgeting.  Explain SMART (specific, measurable, achievable, realistic, and time-bound) goals and how the practice can be used for budgeting.  Create personal SMART financial goals for the future: short term (1 year), medium term (5 years), and long term (10 years or beyond).  Use graphics and multimedia—charts, videos, graphs, and so on to represent each SMART goal and the method by which it will be achieved.	HS.PFE.E.2 Analyze and apply multiple sources of information when making consumer decisions.  HS.PFE.C.1 Describe budgeting strategies for savings goals, emergency funds, fixed expenses and variable expenses.	HS.HECPS.A.4 Practice self-advocacy by communicating needs clearly in writing and speaking, expressing concerns, and seeking out support when necessary.
2.1 Banking  Consumers use financial institutions to help them save and complete transactions safely, quickly, and conveniently and to hold and transfer money in different ways—all while being insured and safe from theft. It is important, therefore, to find a financial institution that meets your needs.  Students will:  Investigate the use of different payment methods.  Compare financial institutions and the types of accounts and services they provide.	HS.PFE.B.1 Describe the roles of various types of financial institutions, and explore products and services provided by these institutions	NA NA

Session Descriptions	Student Objectives	Academic Standards
Theme 2: Money Management		
2.2 Spending and Saving  Many competing claims are made on a person's money that impede the ability to save. By prioritizing saving, consumers will be able to achieve short-and long-term goals and set aside money for emergencies and the future.	HS.PFE.C.1 Describe budgeting strategies for savings goals, emergency funds, fixed expenses and variable expenses.	HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.
Students will:		
<ul> <li>Recognize the importance of paying yourself first.</li> <li>Identify the opportunity costs of savings.</li> <li>Compare simple and compound interest and their impact on savings, including the Rule of 72.</li> </ul>		
2.3 Think Before You Spend  Every individual is responsible for keeping track of his or her own money. Using a transaction register and careful consumer practices and staying informed all help in maintaining a positive cash flow and increasing net worth.	HS.PFE.C.2 Identify and examine the costs and benefits of financial decisions.	HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.
Students will:		
<ul> <li>Record purchases in a transaction register.</li> <li>Determine which practices demonstrate careful consumer skills.</li> <li>Apply consumer skills to spending and saving decisions.</li> </ul>		

Session Descriptions	Student Objectives	Academic Standards
Theme 2: Money Management		
2.4 Budgeting  Examining and monitoring cash flow is an ongoing and critical step in the budgeting process. Having and using a budget, and knowing the types of categories in a budget, helps people maintain positive cash flow.  Students will:  Explain cash flow.  Follow a step-by-step guide for creating a budget.  Identify a short-term financial goal.  Arrange income, fixed expenses, and variable expenses in appropriate columns to be equal.	HS.PFE.C.3 Apply a budgeting strategy to create a sample budget that includes common costs associated with housing, transportation, and insurance products and analyze the outcomes.	HS.HECPS.A.4 Practice self-advocacy by communicating needs clearly in writing and speaking, expressing concerns, and seeking out support when necessary.  HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.

Session Descriptions	Student Objectives	Academic Standards
Theme 3: Credit, Debt, and Keeping Your	Finances Safe	
Project: My Credit Score  Students learn about the importance of a credit score and how to maintain a healthy score that will allow access to the credit they will need to make major purchases.  Students will:  Examine anticipated income and costs for each SMART financial goal.  Develop a savings plan for each of their SMART financial goals.  high credit score in the short, medium, and long term.  Create an original reality show concept that demonstrates awareness of concepts related to improving credit scores.	HS.PFE.A.1 Understand components used to build credit and investigate actions that could impact personal credit scores.  HS.PFE.B.3 Evaluate repayment strategies, risks and costs for various types of consumer credit use, including simple or compound interest calculations	HS.HECPS.A.4 Practice self-advocacy by communicating needs clearly in writing and speaking, expressing concerns, and seeking out support when necessary.  HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.
3.1 What Is Credit?  Credit is the amount of money a borrower receives and agrees to pay back with interest to the lender. The lender relies on a report of the borrower's credit history to determine whether to extend a loan. The report includes a record of the borrower's ability to repay debt.  Students will:  Explain the concept of credit.  Distinguish the pros and cons of credit.  Develop techniques for building a strong credit history.  Summarize major consumer credit laws.	HS.PFE.A.2 Compare and contrast various types of consumer credit and the costs and benefits of borrowing money.  HS.PFE.A.3 Analyze the long-term impacts of high and low credit scores	NA NA

Session Descriptions	Student Objectives	Academic Standards
Theme 3: Credit, Debt, and Keeping Your Finances Safe		
3.2 Types of Credit  Building a strong credit history requires using credit wisely. Credit cards, loans, and nontraditional credit options, such as rent-to-own plans and payday loans, are expensive ways to manage money. Often the results of poor credit choices will require debt management plans and credit counseling.  Students will:  Explain the types and sources of credit.  Compute interest amounts on a loan.  Develop an action plan for fixing bad credit.	HS.PFE.A.2 Compare and contrast various types of consumer credit and the costs and benefits of borrowing money.  HS.PFE.A.3 Analyze the long-term impacts of high and low credit scores	NA NA
3.3 Protect Your Credit  Lenders evaluate a person's credit worthiness based on the Five C's—capacity, capital, conditions, collateral, and character—as well as the person's credit report and credit score. Maintaining good credit is pivotal in acquiring future credit. Consumers need to monitor their credit accounts and reports and keep their personal and financial information safe to maintain their good credit.  Students will:  Explain the impact credit scores and credit reports have on obtaining credit.  Evaluate the process of the Five C's of credit.  Explain what a credit score indicates and how it affects a person's financial history.	HS.PFE.E.3 Understand and apply strategies to prevent fraud and personal identity theft.	HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.
Identify strategies for protecting personal financial information and resources.		

Session Descriptions	Student Objectives	Academic Standards
Theme 3: Credit, Debt, and Keeping Your	Finances Safe	
3.4 Debt Management  Repaying debt is a legal and ethical matter. People who run into financial trouble can often improve their financial situation with some effort. When consumers are not able to manage debt on their own, they can work with a credit counselor to develop a debt management plan. Bankruptcy is a legal action used to remove the debts of businesses and individuals who are unable to pay their bills, but it has severe credit consequences.  Students will:  Compare and contrast debt management plans. Examine two types of bankruptcy: Chapter 7 and Chapter 13. Explain why bankruptcy might not be the best choice in a given situation. Interpret complex data and analyze the services of DMP agencies and whether to file bankruptcy in a given situation.	HS.PFE.B.3 Evaluate repayment strategies, risks and costs for various types of consumer credit use, including simple or compound interest calculations HS.PFE.C.2 Identify and examine the costs and benefits of financial decisions.	HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.

Session Descriptions	Student Objectives	Academic Standards
Theme 4: Planning for the Future		
Project: My Investment Plan  Students review basic information about stocks and the stock market and then conduct research to select at least ten stocks in which to invest for a financial portfolio.	HS.PFE.C.2 Identify and examine the costs and benefits of financial decisions.	HS.HECPS.A.4 Practice self-advocacy by communicating needs clearly in writing and speaking, expressing concerns, and seeking out support when necessary.
<ul> <li>Students will:</li> <li>Explain stock and the stock market.</li> <li>Describe low-risk, medium-risk, and high-risk investments.</li> <li>Develop a diversified stock portfolio.</li> <li>Predict factors that would positively or negatively affect the stock prices within the next 10 years.</li> </ul>		
4.1 Investing Versus Saving  People save to have money to use in the future. People invest to increase the value of their money. Because a savings account is generally insured by the financial institution, it carries less risk but has a lower rate of return. Stocks, bonds, and mutual funds are common investments which involve some risk, but investors are generally willing to accept more risk in exchange for higher returns.	HS.PFE.B.2 Develop goals for building assets using various investment options, and identify potential risks and rewards for a given strategy.	NA
Students will		
<ul> <li>Differentiate between saving and investing.</li> <li>Describe types of investment vehicles.</li> <li>Compare the relationship of risks and rewards.</li> <li>Create a pyramid of investments, placing them in a range from low risk to high risk.</li> <li>Identify the risk-return tradeoffs for saving and investing.</li> </ul>		

Session Descriptions	Student Objectives	Academic Standards
Theme 4: Planning for the Future		
4.2 Investing for the Long Term  Various types of risk should be considered when making retirement plans and investment decisions. Many types of investment plans, such as 401(k)s and IRAs, should be considered as well. It is never too early to think about financial planning.  Planning should begin as soon as a person enters the workforce.	PFE.B.1 Describe the roles of various types of financial institutions, and explore products and services provided by these institutions.	HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.
<ul> <li>Students will:</li> <li>Identify the key elements of financial planning.</li> <li>Explain the risks associated with long-term financial planning.</li> <li>Examine investment needs in different financial situations and explore long-term financial investments.</li> <li>Apply risk criteria when choosing and developing a financial plan.</li> </ul>		
<ul> <li>4.3 Risks and Responsibilities</li> <li>Risk is exposure to something potentially dangerous or harmful. It is important to recognize risks and learn how to manage or mitigate them. People purchase insurance to reduce the risk of loss and receive compensation for losses or damage caused by events beyond their control.</li> <li>Students will: <ul> <li>Identify risks in life and how to protect against the consequences of risk.</li> <li>Investigate categories of specific risks they may face.</li> <li>Examine ways to mitigate those risks.</li> <li>Calculate the probability of those risks occurring</li> </ul> </li> </ul>	HS.PFE.C.2 Identify and examine the costs and benefits of financial decisions.	HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.

Session Descriptions	Student Objectives	Academic Standards
Theme 4: Planning for the Future		
<ul> <li>4.4 Types of Insurance</li> <li>Insurance coverage is provided in exchange for the payment of a premium. There are five common types of insurance. Some coverage, such as auto insurance, is required by law, while other coverage is optional. Consumers need to choose the right kind and amount of insurance during different stages in their lives.</li> <li>Students will: <ul> <li>Define basic insurance terms.</li> <li>Examine five types of insurance and the purpose of each.</li> <li>Evaluate the coverage for each of the five types.</li> <li>Create a portfolio with the types of insurance they imagine themselves purchasing within the next 10 years.</li> </ul> </li> </ul>	HS.PFE.E.2 Analyze and apply multiple sources of information when making consumer decisions.  HS.PFE.C.2 Identify and examine the costs and benefits of financial decisions.	NA NA
Case Study: Solving Problems and Managing Risk  Students examine a process for making decisions and managing risk. They consider a scenario in which a business owner must make a difficult decision. Students use a decision tree to analyze options and consequences and recommend a course of action.  Students will:  Explain why ethics are important to uphold when making a decision.  Use a decision tree as part of the decision-making process.  Explain risk management as part of decision making.	HS.PFE.C.2 Identify and examine the costs and benefits of financial decisions.  HS.PFE.E.2 Analyze and apply multiple sources of information when making consumer decisions.	HS.HECPS.A.4 Practice self-advocacy by communicating needs clearly in writing and speaking, expressing concerns, and seeking out support when necessary.  HS.HECPS.B.1 Practice employability skills necessary to effectively self-manage and collaborate with others in a workplace setting.
